

TOWN OF TUFTONBORO

"The Diamond in the Heart
of New Hampshire"

October 17, 2016

Dr. and Mrs. Steinman
[REDACTED]
[REDACTED]

PID 69-2-1

Dear Dr. and Mrs. Steinman,

The Selectmen have reviewed the issue of the very large rocks placed in the Town's right-of-way on Brown Road. The placement of the rocks was not authorized by the Board of Selectmen. In your discussion with Board Chair Carolyn Sundquist and Code Officer Jack Parsons, it seems there was a misunderstanding of what was allowed at the time. Chairman Sundquist advised that you would only be able to close off the access to Lower Beech Pond with a couple of large rocks. She also mentioned the possibility of a No Parking sign, but never authorized blocking off the right-of-way. Chairman Sundquist apologizes that she may not have been specific enough in what was allowed.

The Board has received many complaints and comments regarding not only the blocking of the right-of-way but also the fact that the access is actually on town property. A complaint was sent to NH Fish and Game and we are awaiting the results of their investigation. We have also been advised to get legal advice.

The Selectmen request that you move the boulders from the right-of-way to your property line as soon as possible. Please advise when this has been done.

We appreciate your quick response to resolve this problem. Please do not hesitate to contact our secretary Karen Koch at 603-569-4539 x10 if you should have any questions.

Sincerely,

Carolyn Sundquist, Chairman

Lloyd P. Wood, Selectman

William J. Marcussen, Selectman

TUFTONBORO BOARD OF SELECTMEN
